

FOURTH STEP INVENTORY

These *Fourth Step* worksheets use the wording from *Alcoholics Anonymous* (the Big Book) pages 63-71. Text in *italics* is quoted from the Big Book. When the word "optional" is used in the worksheets, it means that the Big Book suggests doing this but does not suggest writing anything down. However, many people who have used these worksheets found it helpful to write down their flaws and their specific defects.

Remember, these worksheets are meant to be helpful, but do not feel restricted by them.

You can get the latest version of these worksheets and other AA materials at www.royy.com.

These worksheets are not officially produced or approved by Alcoholics Anonymous. They have been circulating unofficially among AA members for at least 50 years in various versions. Their origin is unknown to the producer of this version.

HELPFUL HINTS

PREPARATION: before you start this written Fourth Step, read pages 63-71 in the Big Book and the Fourth Step in the *Twelve Steps and Twelve Traditions*.

NOTE:

1. This inventory is **not** an exercise in beating yourself up. Be scrupulously honest but be fair to yourself. Inventory your strengths as well as your defects.

2. The following checklist merely **suggests** what some people consider flaws. You must decide how they fit with your own moral code. Do not be limited by this list--add your other flaws and assets. It is in this Fourth Step that you begin to discover **your** values—what **you** consider right and wrong,

functional and dysfunctional behavior-and how you live up to **your** standards.

3. This inventory is about who you are **now**, not who you were when you were drinking and taking drugs. Be careful, however, not to blame all past bad behavior on drinking and drugs if the seed of that bad behavior still exists in you.

4. Don't be discouraged when your character defects are not immediately lifted after you have completed your 5th Step--that is the ongoing work of the 6th, 7th and 10th Steps.

5. **Prioritize!** Spend most of your time on the **20%** of your flaws that cause **80%** of the trouble in your life. Initially check off as many flaws as you want on the checklist but then **prioritize** to the 12 that cause the most trouble. **If you list more than 12 flaws on**

the *Review of Flaws* form, you are probably beating yourself up!.

INTO ACTION: On the following list, check all of your defects **and** all of your assets. This is an inventory of **both** bad and good characteristics. You must check at lease **twice** as many assets as you check flaws or you really are beating yourself up. Then discuss your defects (with your best example of each) on the *Review of Flaws* form.
